

Your participation is voluntary, but we value your opinion and will use your responses to make changes to the course in the future. We would like a high response rate to ensure that our findings are representative of everyone in the course. If you do not wish to participate, simply do not fill out the survey. You must be 18 or older to take part in this research.

Responses will not affect your grade at all - they are only used for research and course improvement purposes.
